## OUR APPROACH to Education

Educational process has to be dynamic so as to absorb and keep abreast with all the changes that are taking place in the world all over in the fields of sciences, humanities and teaching methods. It is our endeavour to blend the traditional methods with the modern developments to retain balance.

The focus is on the child, his educational needs, his strengths and his weak areas. Through individual attention, we ensure that education becomes a joyful, happy and rewarding experience.

Teaching is packaged with friendliness, affection and concern for each child. There is friendly interaction with the teachers who are easily accessible to the students. Ample opportunities are provided to the students for self study and learning through peer groups.

Sen Global School is a venture in faith, faith that our students will do our Institution and country proud.

## CO- CURRICULAR ACTIVITIES

Considerable stress is laid on co curricular activities such as debates, discussions, lectures, quizzes, projects, seminars, educational visits, lectures by learned luminaries etc. Beside these, Music and Drawing form major items of co- curricular activities in the school. The music room of the school is big and spacious. There are different types of instruments such as guitar, drums, table, electric guitar, sitar, cassio and many other. The different music instructors can teach different group of students at the same time. Indian and western classical and folk dances are a regular feature of programs conducted in school from time to time. The vocal music too forms part of our training in Music. Thus students who have an aptitude to sing are encouraged to do so and guided to improve upon.
